Introduction to Business  
Analytics - WordPress.com  
- Regression Analysis is  
perhaps the single most  
important Business  
Statistics tool used in the  
industry. Regression is the  
engine behind a multitude  
of data analytics  
applications used for many  
forms of forecasting and  
prediction. This is the  
fourth course in the  
specialization, "Business  
Statistics and Analysis".
