Methodological Unity of Science | Mario Bunge | Springer - will argue for a doctrine of methodological pluralism. Naturalism ... science methodology over and above the core features of all scientific enterprises include these ideas: ... The unity of science argument and the case for reductionism will be considered in the next two sections. Toward a Methodological Pluralism for the Social Sciences - Epistemological anarchism is an epistemological theory advanced by Austrian philosopher of science Paul Feyerabend which holds that there are no useful and exception-free methodological rules governing the progress of science or the growth of knowledge. It holds that the idea of the operation of science by fixed, universal rules is unrealistic, pernicious, and detrimental to science itself. Epistemological anarchism - Wikipedia -
