Sat, 10 Nov 2018 20:50:00 GMT [PDF/ePub Download] the undivided

universe eBook - In the The Undivided Universe, David Bohm and Basil Hiley present a radically different approach to quantum theory. They develop an interpretation of quantum mechanics which gives a clear, intuitive understanding of its meaning and in which there is a coherent notion of the reality of the universe without assuming a fundamental role for the human observer.
